## BACK TO SCHOOL – HEALTH TIPS

1. **Wash Your Hands** (Wanna keep the germs away? Teach your kiddos to wash their hands for the length of time it takes to sing “Happy Birthday.”)
2. **Update Those Shots** (Be sure your child has the up-to-date immunizations.)
3. **Get A Physical** (Have an annual exam taken of your son/daughter.)
4. **Practice Routine** (Reincorporate a school-like bedtime the week before school starts and cut back on screen-time to make the transition easier.)
5. **Lose The Lice** (Is your child scratching his/her head a lot? Remind your kiddo not to share hats, hair brushes, or even a pillow at a sleepover. Do a good ol’ head check for lice and body check for ticks.)

## SUCCESS STORY

“After breaking my leg & having pins & screws installed I had severe pain & numbness. Now I feel great. Pain is almost completely gone. Thanks to the amazing staff. I recommend them to all my friends & family.” ~ Cory Gaskins (7/26/18)
